

## Weddings at The Sir William Mackenzie Inn

*An invitation from Jeremy and Sharon*

At the Inn, we do things a little differently.

Our vision beginning in 2001 has been to create a premier wedding venue for couples looking for a little more than what the industry is offering.

Your wedding should be as individual as you are.  
We ensure this by only hosting one wedding each weekend. You won't be crossing paths with other brides and you won't feel rushed from chapel to gardens, gardens to lobby, lobby to hall.

You and your guests have exclusive use of the Inn and grounds.  
Your wedding unfolds at its own pace...

Your ceremony... sacred time surrounded by century-old trees  
Stunning photography, not hurried, real smiles and laughter  
A flow of great food and drink for your entire day & evening  
A magical lantern-lit cake cutting ceremony at dusk  
Dance, laughter, love... cherished moments

This is what a truly memorable wedding should be.

We invite you to create yours at
